Professional Summary

A detail-oriented Information Technology graduate with hands-on experience in full-stack web development, cloud deployment, and quality assurance. Proficient in modern frameworks including Laravel, Next.js, and React.js, with a strong foundation in database management and UX/UI design. Proven ability to deploy live systems, collaborate in development teams using Git, and deliver scalable web applications.

Technical Skills

- **Web Frameworks & Libraries:** Laravel, Django, React.js, Next.js.
- **Programming Languages:** PHP, Python, JavaScript, HTML/CSS.
- **Database Management:** PostgreSQL, MySQL, Prisma ORM, SQLite.
- **Cloud & DevOps:** DigitalOcean (Live Deployment), AWS Cloud Foundations, Git/GitHub Version Control.
- **APIs & Data Tools:** RESTful API Integration (Facebook, Google), Python (Pandas, Matplotlib, Bokeh), MS Excel, Google Sheets.
- **Design & Workspace:** Figma, Canva, Adobe XD, VS Code, XAMPP, macOS.

IT Web Development Intern (OJT) | SariSariPH February 2026 – April 2026

- Performed rigorous quality testing and bug identification to ensure the stability of the e-commerce platform.
- Submitted detailed weekly QA reports documenting system health and frontend/backend issues.
- Managed database migrations using Prisma, specifically configuring and targeting the sarisariPH production database.
- Utilized GitHub for version control and seamless codebase collaboration with the development team.

Lead Developer (Capstone Project) | Cafeteria Management System April 2025 – February 2026

- Developed a comprehensive web-based management system using the Laravel framework and PHP.

- Transitioned and upgraded project environments, modernizing legacy code to Next.js, Prisma, and PostgreSQL architectures.
- Successfully executed live production deployment and database migrations utilizing DigitalOcean cloud hosting.
- Collaborated with a 5-person development team, utilizing Git commit histories and meeting minutes to track project milestones.

Freelance Graphic Designer & Social Media Manager | *Self-Employed January 2026 – Present*

- Design comprehensive brand identities, vector logos (SVG), and physical marketing materials such as woven clothing labels and jersey mockups (e.g., Rebruv Athletics).
- Create visually engaging promotional content aligned with client brand identity to increase online visibility.

Immersion Intern | *DISADECO Agricultural Cooperative*

- Provided customer service, managed cash transactions, and maintained accurate organizational records.
- Ensured positive customer experiences through courteous communication and reliability.

Education & Certifications

Bachelor of Science in Information Technology

Central Luzon State University

- **Certification:** AWS Academy Graduate - Cloud Foundations and Configuration (Oct 26, 2025).
